**Election**

Sir:

In response to the Office action dated March 16, 2005, applicant elects claims 1-34 with traverse.

The restriction requirement is being traversed for the following reasons.

**Elections/Restrictions**

The following information will explain why the inventions as listed by the examiner, are not distinct each from the other. Restrictions I, II, III, and IV.

- I. Claims 1-34, drawn to a method of resetting an active emission system.... actually uses the "electronic device" first mentioned in claims 38-47. This "electronic device" is the interface used to communicate the said request in claims 1-34. These requests are processed and carried out by the "computer
